

Intro Stats Chapter 8 Big Ideas

Concept	Which Lesson?	Definition, Formula, Example or Interpret.
Confidence Interval		Point Estimate: _____ Margin of Error: _____ Interpret: _____
Confidence Level		
What affects Margin of Error?		Sample Size: _____ Confidence Level: _____
Conditions for constructing a confidence interval		
Confidence Interval for a Proportion		
Critical Values for Proportions		
4 Step Process		
Confidence Interval for a Mean		
Critical Values for Means		
Solving for sample size
